## COMPANY HISTORY

### PROVIDING QUALITY COMFORT TO YOUR FAMILY'S HOME SINCE 1931!

More than 80 years ago, Otto Gustave Ferro began a full service plumbing and heating company, then known as Marcus Hook Plumbing and Heating Company. Over the years, the company grew and expanded services to include fuel oil delivery, air conditioning installations, air conditioning repairs, and more. Thomas E. Ferro formed the corporation as it currently exists in 1996 and holds the title of President. Mr. Ferro has expanded the company's service area to include Delaware County and Chester County in Pennsylvania, as well as northern New Castle County in Delaware and Maryland's Eastern Shore. We take pride in offering services for your complete home comfort year-round!

## OTHER SERVICES PROVIDED

### BUDGET PLANS

For customers concerned with the price of fuel, our 12-month budget plan is highly recommended to anyone who is trying to manage their oil delivery costs as efficiently as possible. Your budget payment lets you spread your heating costs into smaller, predictable payments.

### AUTOMATIC DELIVERY

Instead of worrying about when you'll need that next delivery of oil, let us do that for you! Our computerized system tracks the weather and generates your delivery automatically. That's one less complication in your life! Call us at (610) 485-1356 for more information and to sign up!

### LOYALTY CREDITS

It is our goal to reward our loyal customers with Loyalty Credits. You can earn \$50 in Loyalty Credits for each year you spend more than \$400 with our company. You can use a portion of these credits toward the purchase of a variety of heating and cooling equipment. The figures below show how much can be used for any one item.

Credits are not transferable to other persons or properties. They have value only as a credit toward the following equipment purchased from Ferro Fuel Oil by its customers. Up to \$500 worth of Loyalty Credits can be used for complete heating and air conditioning change out. Limited to \$250 for each system per customer.

Oil-Fired Boiler/Furnace .....	\$250
Gas Boiler/Furnace .....	\$250
Heat Pump.....	\$250
Central A/C System .....	\$250

## TERMS & CONDITIONS

1. These plans cover one residential heating or air conditioning unit. Oil tanks, oil lines, and any associated problems are specifically excluded unless otherwise noted. Ferro Fuel Oil (herein referred to as Company) reserves the right to inspect the equipment covered before acceptance. Any part requiring an upgrade prior to acceptance will be charged at prevailing rates. The plans are billed and renew annually; if the customer cancels the plan for any reason before the end of the service period all work previously covered by the plan will be billed at prevailing rates. The plan and billing will renew automatically at the annual start date unless cancelled by either party.
2. Company reserves the right to deem equipment not worth repairing based on factors such as age and condition, in which event the price of the service plan will be credited toward new equipment sold and installed by Company.
3. The plan selected and services rendered are contingent upon customer signing up for automatic heating oil delivery from Company. Annual tune-ups will be scheduled during normal working hours, Monday through Friday. These plans are transferable to new owners if the house is sold, but they are not refundable. Further, the plan is void if any person, including owner, renders service to equipment except as instructed by Company.
4. Account must be current. Past due balances on any open account will void this plan.
5. Company shall not be responsible for customer's failure to use ordinary care in the operation of any heating/cooling/hot water system such as, but not limited to, replacing blown fuses, resetting breaker switches, or turning on and off power switches.
6. Frozen or congealed oil lines, lack of oil when not on automatic delivery, water or contamination in fuel, electric and/or wiring problem, or customer not available will be charged at prevailing rates.
7. Our obligation to service and replacement of any part is subject to location accessibility and parts availability through normal sources of supply.
8. This plan does not cover services or replacement of parts damaged by water, fire, acts of God, accident, or abuse. Company shall not be held responsible for any non-performance when prevented by any circumstances beyond its control.
9. These plans do not include plumbing repairs; circulators; repairs to zone valves, radiators, connectors, hot water coils, feed, and release valves; bleeding or purging air from system; draining expansion tank; repair of water leaks; thermostat wiring; low and line voltage wiring; power venters and venting systems; all parts associated with chimney; or items not identified in plan agreement.
10. This plan may also be terminated by Company (a) if customer fails to comply with Company credit terms, (b) if customer fails to provide a safe and reasonably clean place in which to work, or (c) if customer installs or attaches non-compatible devices to any system.
11. All services will be provided between 8AM and 4:30PM Monday through Friday. No service will be performed in inclement weather or flooded areas. Services provided on holidays and/or outside of 8AM TO 4:30PM will be billed at prevailing rates. Services do not include freight, filters, air distribution systems or other adjustment, evaporative or condenser coils, or other parts not specifically included in the plan. Limited to units up to five tons.
12. Company will not be held liable for injury or damage to persons, property, or consequential damage resulting from defects in, or the non-operation of, customer heating equipment or its accessories, nor for damages resulting from heat failure in a vacant building.
13. Amendment and Cancellation: We may amend or change the terms of this plan at any time. We may amend or change the services offered as part of the plan at any time. You will be notified of any change in the manner provided by applicable law prior to the effective date of the change.
